

PRODUCT SPECIFICATION DATA SHEET

Stevens EV™ Pipe Boots/Vent Gloves

General Description

Stevens EV™ Pipe Boots are used to flash around penetrations eliminating the need for field fabrication of pipe penetrations. The conical shaped steps of the Stevens EV™ Pipe Boots provide a secure seal around the pipe and the large, thick molded ribs at the top of each step offer superior tear resistance and reinforcement as well as a cutting guide.

Technical Specifications

Colors: White (gray and tan are available on special order).

Sizes: The pipe boots are sized to flash 1-6-in. (25.4 to 150 mm) pipe penetrations

Packaging & Storage

Stevens EV™ Pipe Boots/Vent Gloves are packaged eight (8) per carton. Materials should be stored in a cool, dry location with protective packaging intact.

Precautions

Do not remove or damage protective packaging until ready to use.

Note

The Material Safety Data Sheet (MSDS) for this product is available on line at www.stevensroofing.com or the Stevens Technical manual CD-Rom.
